Information about upcoming AADA 2024 and how you can be a part of this exciting event."

# The Prologue

As we celebrate the milestone of 2023, an extraordinary resurgence is taking place in the architecture industry across Asia, despite the challenges posed by the Covid-19 pandemic. We are witnessing remarkable progress and expansion, driven by the creativity and perseverance of architects and artistic minds.

From the dynamic city-state of Singapore to the vibrant streets of Bangkok, from the vibrant colors of Kuala Lumpur to the bustling energy of Ho Chi Minh City, and from the ancient charm of New Delhi to the opulence of Abu Dhabi, innovative ideas and groundbreaking solutions are emerging. These visionary individuals are skillfully blending traditional and modern elements, weaving together history, technology, human needs, and environmental sustainability.

Prepare to be awestruck by the might of modern megalopolises like Dubai, Singapore or Bangkok, as their iconic skylines and urban beauty captivate your imagination. Meanwhile, destinations like India, Malaysia and Vietnam have become architectural hubs, showcasing world-renowned brilliance and attracting attention from around the globe.

The architecture industry is experiencing a revolution propelled by the surge of technology. Artificial intelligence, 3D design, and modern construction methods are empowering creativity and streamlining the design and building processes. Moreover, technology is unlocking opportunities to explore traditional values while ushering in new possibilities.

Within the pages of this book, we invite you to embark on a captivating journey as we explore the breathtaking diversity and revolutionary aspects of Asian architecture in 2023. From award-winning projects to the esteemed winners of the Asia Architecture Design Awards 2023, we will delve into the latest trends, foster interactions, and promote intercultural exchanges within the global architectural landscape.

This book also serves as a heartfelt appreciation to the partners of the Asia Awards Organization, sponsors, advisory board, judges, experts, and all those who have contributed to the success of the Asia Architecture Design Awards 2023.

Now, let us embark on this fascinating journey into the realm of Asia's unique art of construction!

# Asia Awards Organization

An Organization For **Better Purposes**

**The Asia Awards Organization (AAO)** is a Singapore-based enterprise that celebrates and encourages creativity and excellence in a variety of aspects of society. With the understanding that excellence can be found in all kinds of organizations, AAO showcases extraordinary achievements and public contributions. Furthermore, AAO's yearly awards program recognizes and praises the individuals and teams who have set remarkable standards of excellence.

The Asia Awards Organization will strive to make use of our collective voice in order to communicate our core values of 'Aspiration', 'Achievement', and 'Opportunity' in an inspiring and meaningful manner.

By becoming a part of the AAO, not only can organizations and individuals enhance their brand recognition and obtain numerous connections to potential collaborators worldwide, but can also acquire opportunities for business expansion both regionally and internationally.

# Asia Architecture Design Awards

For an  
Impactful Asia

Architecture wields an extraordinary power to shape the world we inhabit, transcending mere bricks and mortar to embody our dreams, aspirations, and the stories that define our shared humanity. With the ability to craft experiences, uplift spirits, and create awe-inspiring spaces, architecture stands as a profound source of connection and inspiration for all.

Recognizing the profound impact of architecture, the **Asia Architecture Design Awards (AADA)** was established with the noble objective of honoring excellence and fostering creativity across a diverse range of architectural and design endeavors, spanning from local projects to those of international significance. Guided by a distinguished panel of judges, the meticulous selection process ensures that AADA bestows prestigious awards across numerous categories and six distinct disciplines.

In the current year, AADA embarks on a journey to cultivate an **IMPACTFUL ASIA** within the architecture, design, and construction industries, transcending regional boundaries to leave a resounding global impression. Architects, designers, and construction professionals each play an integral role in this transformative journey, as it is through their collective efforts that we can authentically manifest a meaningful and positive impact.

The award ceremony serves as an esteemed platform to celebrate excellence across six distinct disciplines, providing a stage for exceptional talent to shine. The categories encompass Best Architecture Design, Best Interior Design, Best Furniture Design, Best Firms in Architecture Design, Best Firms in Interior Design, and Best Firms in Furniture Manufacturing & Retailing.

The 2023 AADA presentation becomes a pinnacle event, honoring both independent achievements and the masterpieces crafted by full-service firms that have significantly contributed to society. This momentous occasion not only provides unparalleled networking opportunities but also unlocks new horizons for marketing prospects, affording businesses the chance to earn prestigious accolades and sustain continuous growth on an international scale.

Beyond the recognition and exultation of excellence, AADA aspires to cultivate an environment where businesses can forge connections, foster collaborations, and establish synergies that fuel further expansion and success. By uniting our strengths, we fortify our collective impact and amplify our voices on the global stage, thereby leaving an indelible mark on the architectural landscape.

As we embrace this transformative journey together, AADA paves the way for a brighter future, empowering the architecture and design community to create a profound and lasting impact that resonates far beyond the boundaries of Asia, inspiring a world of architectural marvels and timeless designs.

# XUAN THAO

## A RISING STAR IN VIETNAM'S REAL ESTATE INVESTMENT LANDSCAPE

The success of **Xuan Thao Real Estate** lies in its passion for excellence, ensuring every dwelling exceeds expectations and fulfills the dreams of its residents.

Established in 2018, **Xuan Thao Real Estate Corporation** has emerged as a prominent player in Vietnam's real estate investment sector, solidifying its reputation as a leading and competitive entity in the industry. Over the past five years, the company has experienced significant growth and development, earning recognition for its credibility and competence.

Xuan Thao Residence, one of the flagship projects of the company, caters to a specific group of customers residing and working in Ho Chi Minh City. It offers a nurturing environment, providing a haven for rejuvenation and relaxation after the hustle and bustle of city life. Additionally, local investors seeking properties in close proximity to populated areas find Xuan Thao Residence an ideal choice for investment, rental, and asset management.

Looking towards the future, Xuan Thao Real Estate continues to build a cohesive and highly skilled workforce, characterized by dynamism and a strong sense of responsibility. The company is steadfast in developing a professional and visionary leadership team, driving its sustainable growth and aspiring to become a top real estate business in Southern Vietnam. By doing so, Xuan Thao aims to significantly transform the urban landscape, creating ideal living environments in each project and adding value to every investment while enhancing the quality of life for its customers.

Xuan Thao Real Estate's journey is marked by a commitment to excellence, and the company is driven to make a positive impact on the urban fabric, crafting each project with meticulous attention to detail. The ultimate goal is to elevate the real estate sector in the region and contribute to the betterment of society by providing exceptional living spaces that truly enrich the lives of its residents.

As Xuan Thao Real Estate moves forward with its strategic vision, the company's dedication to creating sustainable developments and fostering ideal living experiences will undoubtedly cement its position as a rising star in Vietnam's dynamic real estate landscape.

In Vietnam's dynamic business landscape, one company stands out for its exceptional achievements and unwavering commitment to excellence. Vacons, a leading project management and consulting firm, has established a remarkable track record over the past decade, successfully delivering over 250 projects across the country.

Vacons' expertise spans a wide range of industries, including construction, manufacturing, energy, and technology. Their versatility is evident in their portfolio, which showcases their ability to handle diverse projects, from commercial and residential buildings to industrial complexes and infrastructure development. Whether it's designing cutting-edge office facilities or state-of-the-art manufacturing plants, Vacons consistently delivers exceptional results.

A key highlight of Vacons' success lies in their ability to manage and deliver a multitude of projects in Vietnam, with an impressive 99% of their clients being multinational companies. Beyond their expertise in project management, Vacons is deeply committed to sustainable development and environmental conservation. They prioritize the use of energy-efficient materials, incorporate green technologies, and employ sustainable construction techniques. By doing so, Vacons ensures that their projects not only meet high-quality standards but also contribute to a greener future for Vietnam.

Looking ahead, Vacons is poised for growth as they seek to expand their portfolio by attracting new multinational clients and embarking on ambitious projects that contribute to Vietnam's economic prosperity. Mr. Dang The My, CEO & Founder of Vacons, envisions the company becoming a regional leader in project management and consultancy, driving urban development and setting new industry standards.

With their relentless commitment to innovation and excellence, Vacons continues to make significant strides, solidifying their position at the forefront of Vietnam's construction industry.

## A DECADE OF EXCELLENCE IN EXECUTING OFFICE DESIGN AND CONSTRUCTION FOR MULTINATIONAL PROJECTS IN VIETNAM

With over a decade of experience and an impressive track record, Vacons has emerged as a leading player in the construction industry in Vietnam.

## MAI CHAU CULTURE RESORT

Hoa Binh · Vietnam

### DESIGNER

The Modern Touch

### STAKEHOLDER/OWNER

Mai Chau Hidden Charm

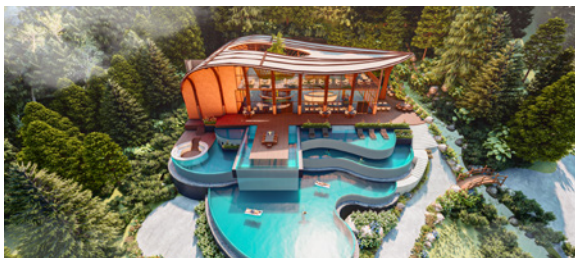

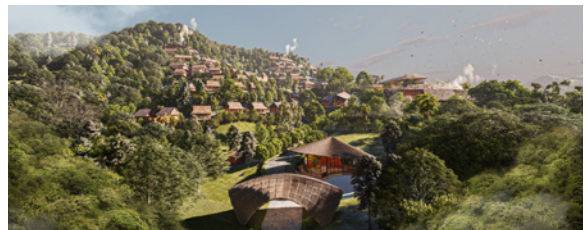

### COMPANY

The Modern Touch

The Mai Chau Culture Resort, situated in Hoa Binh City, was constructed with the aim of celebrating and protecting the nation's ancient customs. It provides an area of 80,000 square meters, immersed in the peaceful and tranquil natural environment of the mountainous forests.

The design team has seamlessly blended classic and modern architecture, meticulously recreating the charm of an old White Thai village with wooden and palm leaf.

Embracing eco-friendly principles, the project harmonizes with the environment, showcasing a deep connection to the natural landscape while embracing the cultural identity of the Thai ethnic group residing in this area.

## REVITALISATION OF SIKANDERPUR FOREST

Gurgaon • India

**DESIGNER**  
Kavita Jain

**CLIENT**  
Ms Latika Thukral, I am Gurgaon

**MANUFACTURER**  
JRA Design  
**COMPANY**  
JRA Design

Once a desolate dumping ground for garbage and construction debris, the Revitalisation of Sikanderpur Forest, Gurgaon has undergone a remarkable transformation.

The success of the project lies in its ability to mitigate stormwater run-offs, averting flooding on city roads, and easing the burden on urban infrastructure. By redirecting city stormwater to the forest, it ensures the replenishment of depleting groundwater, while simultaneously breathing new life into the forest ecosystem. This intervention acts as a rejuvenating green lung for city dwellers. Moreover, the rejuvenated forest has become a thriving habitat for resident bluebucks and a myriad of biodiversity.

### COMPANY

Shiri Shalom | Interior Design

### STAKEHOLDER/OWNER

Ohad Stone Tech

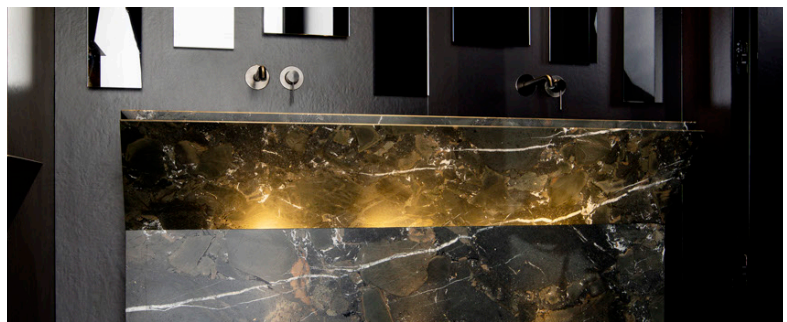

### MANUFACTURER

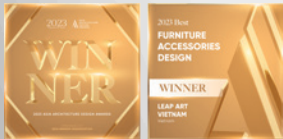

Ohad Taib

Shiri Shalom's UNISONO basin is a masterpiece crafted from delicate fine marble, born from a moment of inspiration and passion. It embodies the essence of the showroom's concept, showcasing a graceful and clean design.

What sets it apart is the clever use of a reversed phase, executed by Ohad, the company's owner. This unique basin captivates visitors, igniting creativity and appreciation for beauty and aesthetics. With its weight supported by a meticulously planned iron construction, the UNISONO basin truly represents an exceptional blend of art and craftsmanship.

## "THE SUBLIMATION" - THE BALLET CERAMIC EMBROIDERY TABLE LAMP

Vietnam

### DESIGNER

Le Thu Huong

### COMPANY

Leap Art Vietnam

### STAKEHOLDER/OWNER

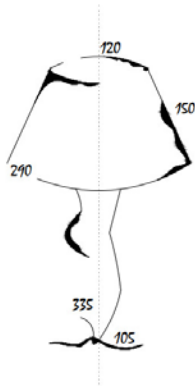

Leap Art Vietnam

### MANUFACTURER

Leap Art Vietnam  
& Bat Trang Museum

"Thang Hoa" - The Ballet Embroidery Lamp stands as a remarkable masterpiece, a fusion of diverse materials and techniques representing multicultural art.

Leap Art showcases its innovation by combining three hand embroidery methods: traditional embroidery, knitting, and fabric filling, alongside a unique incorporation of ceramic patterns. Paying homage to

Vietnamese craftsmanship, the lamp takes the graceful shape of ballet feet, a symbol of classical European art. The harmonious blend of cultures and materials, along with the exquisite shaping and captivating color palette, elevate this piece to a sublime representation of artistry, contemporary expression, and the profound collaboration between the Bat Trang Museum and Leap Art.

**THE “NGÕ”**  
Hanoi · Vietnam

**DESIGNER**

Phuong Thanh Tung, Nguyen Dinh Long

**COMPANY**

D.O.G House

**STAKEHOLDER/OWNER**

Phuong Phuong Thao

**MANUFACTURER**

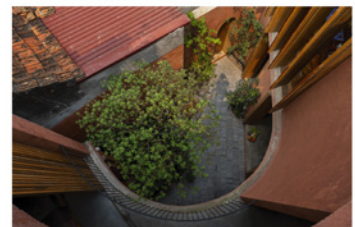

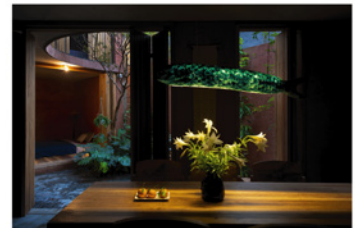

Phu Gia Hung Construction and Trading Service JSC

The NGÕ draws inspiration from the timeless alley archetype, creating an urban oasis that honors Vietnam’s heritage and embraces sustainability.

Blending Hanoi’s tube-house style with contemporary elements, the minimalist design prioritizes passive-cooling and green spaces, inviting natural light and wind into the refreshing interior.

Accommodating three generations, the residence revolves around a central courtyard, fostering harmonious living and connection amidst lush greenery.

The NGÕ is testament to Vietnamese architecture’s timeless beauty and adaptability.

**SKATEHOLDER**

Namdev Builders and Developers

**COMPANY**

Hyatt Regency Jaipur Mansarovar

Hyatt Regency Jaipur Mansarovar is a long-cherished project that dates back to the early 2000s. Drawing inspiration from the magnificent Nahargarh Fort and the majestic palaces of Rajasthan, this hotel beautifully harmonizes classic and contemporary elements.

Every detail of the hotel has been meticulously crafted with precision, showcasing an array of exquisite features. Among them are the impressive 2700 hand-carved marble pillars and the intricately designed Chhatris towers gracing the rooftop. Nestled within five acres of picturesque surroundings, the property offers a captivating fusion of timeless architecture and modern decor, ensuring a stylish and comfortable stay for guests.
